Dear Captain Washington

The Pearl was
got of the slips
today and will
it is said proceed
to Liverpool on
[0002]
monday next. I have
therefore notified
the different members
to be at Liverpool on Tuesday - I have
not written to
Bedingfeld nor
Baines as I suppose
they are there already We shall join
them on Wednesday
at noon - the
Captain who seems

[0003]
to be well qualified
for the work
thinks some stanchions
will be needed
to support the
weight of those
parts of the launch
which are placed
in the front part
of the steamer. She
looks well to a
landsman.

Please remember

[0004]
the order to M^r
Maclear for the
telescope and
oblige yours &c
David Livingstone

I enclose the last
account for presents
except one which
will be about
£10.
