My Dear Sir

I beg to  
return you my  
hearty thanks  
for your work  
on Lunars  
and the kind  
offer which

[0002]

accompanies  
it

It is only this  
morning that  
I have been  
able to look at  
your note. Some  
of my observations  
gave discordant  
results this  
induced me to  
send my observation

[0003]

book to the  
Astronomer Royal  
to have any  
errors of trans-  
cription rectified  
and some have  
been detected but  
as I handed  
them over at  
once to M<sup>r</sup>  
Arrowsmith to  
be used in the  
map, I dont yet

[0004]

know their value  
The sextant was  
damaged on board  
the Frolic on our  
way to Mauritius  
& recut so I could  
not do what  
you suggest.

thanking you  
heartily  
for your  
kind offer I am

Dear Sir Yours &c

David Livingstone

I am to visit Admiral Smythe at D<sup>r</sup> Lee's  
could I see you there?
